

BIG BERTHA
REVA

DISTANCE DESIGNED FOR WOMEN

Designed For Women To Unlock Your Inner Distance

We looked extensively at player performance data to build hybrids that unlock your distance. The lofts, swingweights, and shafts are all optimized to help you hit the ball a lot farther.

Fast Ball Speeds From Flash Face SS21

Fast ball speeds across an expansive area in each model and loft, with our advanced A.I.-designed Flash Face. So you'll hit it long, even if you miss the center of the face at impact.

Straighter Ball Flight From Increased Offset

We've added more offset to help reduce your slice or big miss. This increased offset helps to promote a straighter ball flight for more distance.

Enhanced Launch and Trajectory Control From Dual MIM'ed Tungsten Weighting

Optimized CG for launch and stability from precisely shaped dual MIM'ed tungsten weight.

Increased Ball Speed And Easy Launch

Features a completely new RCH shaft, designed by Callaway to specifically enhance the Big Bertha offering, with an Active Tip Flag section for easy launch. And it comes stock with a Golf Pride Tour Velvet Soft Grip.

Premium Components

Features a completely new RCH shaft, designed by Callaway to specifically increase your swing speed, along with a premium Lamkin ST Grip.

LAMKIN COMFORT ST SOFT • 44g

*Effective Jan 1, 2020, all club lengths will be based on USGA measurement procedures. Some measured and thus published lengths have changed but the actual club lengths are the same as previous models. Shaft specifications may vary due to cut length and manufacturer tolerances. Shaft weights supplied indicate weight class (40/50/60/70g). Actual weight is dependent on flex and cut length.

DISTANCE DESIGNED FOR WOMEN

Designed For Women To Unlock Your Inner Distance

We looked extensively at player performance data to build an irons set that unlocks your distance. The lofts, swingweights, and shafts are all optimized to help you hit the ball a lot farther.

Amazing Forgiveness From Legendary Big Bertha Shaping

This club profile that golfers love is engineered to give you more confidence over the ball with noticeably wider soles. For easy launch, lower spin and straighter shots, we've added more offset. Combined with our Flash Face Cup, we've developed a NEW formula for distance and forgiveness in a women's iron.

Higher Launch From Our Visible Tungsten Energy Core

We've added a significant amount of custom tungsten weighting. So we can deepen the CG in each iron with extraordinary precision, while still maintaining ball speed in the Flash Face Cup. Now you can get higher launch conditions through the set.

Pure Feel From Urethane Microspheres

Our patented urethane microspheres comprehensively absorb unwanted vibration for exceptional feel, while also maintaining fast ball speeds.

Premium Components Package

Features a speed-enhancing RCH Shaft and a premium Lamkin Women's ST Soft Grip.
