# DISTANCE DESIGNED FOR WOMEN

## Designed For Women To Unlock Your Inner Distance

We looked extensively at player performance data to build a driver that unlocks your distance. The lofts, swingweights, shafts and head shapes are all optimized to help you hit your tee shots a lot farther.

And if you want to hit the ball farther, you have to hit it straighter. So to help eliminate your slice or big miss, we've created our first high launch driver with an ultra-low forward CG for low spin. We hope you're ready for more distance, a more consistent ball flight, and more tee shots that find the fairway.

## Easy To Hit From Bertha Shaping and Added Draw Bias

The high MOI Big Bertha head is specifically engineered with internal draw bias weighting to help improve your launch angles and promote a straighter, longer ball flight.

## Fast Ball Speed From Our A.I. Designed Flash Face SS21

We've advanced our A.I. designed Flash Face to promote fast ball speeds across a more expansive area in each model and loft. So you'll still hit it a long way, even when you miss the center of the face at impact.

## Super Strength Titanium For Consistent, High Ball Speeds

This face architecture requires extremely strong materials that are lighter and stronger than traditional titanium to promote optimal speed, forgiveness, and spin characteristics.

## Jailbreak + T2C Triaxial Carbon Crown For Ball Speed and Unconventional Forgiveness

Two internal Jailbreak bars stiffen the body of the driver, allowing the face to flex more, while the significantly lighter carbon crown allows us to redistribute weight for higher MOI.

## Premium Components Package

Features a speed-enhancing RCH 40 Shaft and a premium Lamkin Women's ST Soft Grip.

## BIG BERTHA - REVA DRIVERS

MODEL	10.5°	12.5°
<b>LOFT</b>	Adjustable (9.5-12.5°)	Adjustable (11.5-14.5°)
<b>LIE ANGLE</b>	60°	60°
<b>LENGTH</b>	44.75"	44.75"
<b>CLUBHEAD VOLUME</b>	460cc	460cc
<b>SWINGWEIGHT</b>	C6	C6
<b>LEFT HAND</b>	Yes	Yes

## HIGH-PERFORMANCE STOCK SHAFT OPTIONS

**CALLAWAY RCH WOMENS WOODS**  
40g (WMS) • 50g (WMS)

**WOMEN'S GRIP**  
LAMKIN COMFORT ST SOFT • 44g

\*Effective Jan 1, 2020, all club lengths will be based on USGA measurement procedures. Some measured and thus published lengths have changed but the actual club lengths are the same as previous models. Shaft specifications may vary due to cut length and manufacturer tolerances. Shaft weights supplied indicate weight class (40/50/60/70g). Actual weight is dependent on flex and cut length.

# DISTANCE DESIGNED FOR WOMEN

## Designed For Women To Unlock Your Inner Distance

We looked extensively at player performance data to build fairway woods that unlock your distance. The lofts, swingweights, and shafts are all optimized to help you hit the ball a lot farther.

## Easy To Hit

Big Bertha REVA is also remarkably forgiving with a shallower face, progressive lengths, and an oversized Bertha shape promote consistent contact and smooth turf interaction.

## Straighter Ball Flight From Increased Offset

We've added offset to reduce slices and promote distance-enhancing draws.

## High Ball Speeds From Flash Face SS21 + Jailbreak Technology

Our advanced A.I. design promotes fast ball speeds across an expansive area of the face while Jailbreak bars connect the crown and sole to increase stiffness and promote even more speed.

## Premium Components

Features a lightweight RCH shaft, designed by Callaway to specifically enhance swing speed, and a premium Lamkin Women's ST Soft Grip.

## BIG BERTHA - REVA FAIRWAY WOODS

MODEL	3W	5W	7W	9W
LOFT	16°	19°	22°	25°
