

WHITE HOT | OG
20 YEARS OF PERFORMANCE

THE HOTTEST INSERT ON TOUR IS NOW HOTTER THAN EVER

White Hot Insert

The original White Hot formulation, feel, sound and performance are all back in one exceptional two-part urethane insert. Tour players and golfers alike have been asking us to re-introduce it for years, and we've listened.

Milled Surface Finish

Our engineers have combined a rich silver PVD finish with fine milling on the surfaces. These ultra-premium offerings are unlike anything you've ever seen from a White Hot,

and the beautiful designs will appeal to golfers who appreciate the look of a milled putter.

High Performance Shafts with Grey DFX Grip

Available in a premium stepless steel shaft or our Tour proven, multi-material Stroke Lab shaft in a new candy apple red. Both of these shaft options are precisely fitted with a gray DFX Rubber Grip for a classic look and feel.
