

EPIC™

A new era of speed is coming for fairway woods that are easy to launch, and easy to hit. In 2021 fast is going to get faster, long is going to get even longer, and straight is going to get a lot straighter. With our Epic MAX Fairway Woods, we've set a new bar for ball speed technologies in an oversized shape.

FEATURES & BENEFITS

High Velocity Ball Speeds from NEW Jailbreak A.I. Velocity Blades
Epic ball speeds start with our new Jailbreak A.I. Velocity Blades. Callaway engineers used A.I. to design a completely new Jailbreak system which spreads and angles the Jailbreak blades. Along with stiffening the body, the new design allows the forged face cup to flex more. The result is exceptional ball speeds in a design that's super easy to launch.

Fast Ball Speeds From A.I. Designed Flash Face SS21 with a Forged Face Cup

Every model and every face in our fairway woods are uniquely designed using advanced A.I. The A.I. face is forged using a high strength C300 Maraging Steel for speed and spin consistency across the face.

Enhanced Forgiveness From an Oversized Max Shape

The oversized head combines with a shallow face to make Epic MAX fairways extremely easy to launch.

Precision Fitting From Adjustable Weighting

Launch and spin are tunable using 2 & 14g weights. Use the heavy weight in the rear for more forgiveness or use the heavy weight in the front for lower launch and spin.

HIGH-PERFORMANCE STOCK SHAFT OPTIONS

PROJECT X CYPHER
40g (WMS) • 50g (L)

PROJECT X HZRDUS SMOKE IM10
60g (R, S) • 70g (S)

*Effective Jan 1, 2020, all club lengths will be based on USGA measurement procedures. Some published lengths have changed but the actual club lengths are the same as previous models. Shaft specifications may vary due to cut length and manufacturer tolerances. Shaft weights listed indicate weight class (40/50/60/70g). Actual weight is dependent on flex and cut length. D2/D3/D4 swingweight is dependent on the weight of the shaft. Epic Max Women's lengths are 1.25" under the Men's lengths listed above.
